## *From the Potentate*

Greetings all!

We just finished with a great weekend at the Scottish Rite Reunion. There were a lot of Shriners in attendance, as they are members of both organizations. They say that you can hear the same thing over and over again but get something different out of what they say each time. I heard a lot of talk about brotherhood, honesty and integrity. I think that being a mason you are considered to have all of those qualities, with your fellow man and your dealings with them. I think that is something that we all should be working on.

In the Stewards Lecture it says, "Our Fraternity welcomes to its doors and admits to its privileges worthy men of various creeds and classes. But it insists that all men shall stand upon an exact equality receiving its instructions in a spirit of due humility, emphasizing in demeanor, in conduct, in ceremony and in language..." I think this quote is something we all should read and work on in our lives.

We will be having our fist face to face business meeting on June 9, 2021, at our normal time of 7:30pm. We hope to see a lot of our nobles turn out to this meeting. We look forward to seeing all of you who we have not been able to see in quite some time.

We are also almost finished with the onion sales for this year. If you are still wanting to buy some onions, please reach out to Noble Blake Hansen. He would be happy to take your order. We are also close to starting our next fundraiser of freeze dried candy. Look for an ad in the Minaret in the near future with the details.

We are working on a great activity that we expect will take place in September. Illustrious John Limb is helping us put together a pine wood derby contest. Look for the details to come out on this event very soon. Our Divian is working very hard to make some memorial events for the remainder of the year.

Stay safe and we look forward to seeing you all soon.

*Jeremy Estes, Potentate*

## From the Chief Rabban

Fellow Nobles and Significant Others,

May is upon us and many of the restrictions from the last year are slowly being amended or lifted, in light of this we are actively planning events for the rest of the year. Parades are being planned so tune up your magic carpets, klunker cars and minibikes, check and restock your clown make up and run the lint roller over your Fez. We will also begin meeting in person soon as well so get your suits into the cleaners and give them a final once over. As for other Shrine Center events coming up, we are planning a Pinewood Derby and depending on CDC guidelines a couple feast events as well such as a pig fry and maybe even a seafood hoedown. We would also like to put something on the calendar for the dark months as well, possibly each of the units picking a month and organizing an event. We also have new Nobles coming up as well and we are looking forward to more this year. As for Hospital fundraisers right now, the Utah Kids Ride Association will be running the 25<sup>th</sup> Kids Ride on May 22<sup>nd</sup>, all are invited to come out, there will be a taco truck as well as live and silent auctions. Well could use help manning ride stops along the route (5 of them) as well. The light is shining bright at the end of the tunnel "Its not a train this time either", and things are beginning to fall into place for the rest of the year, we look forward to seeing all of you soon.

*Michael "BOOTZ" Clark, Chief Rabban*

## From the High Priest & prophet

Dear Nobles and Ladies,

We will be having our first face to face meeting on June 9<sup>th</sup> assuming that Shriners International approve our dispensation. We don't expect the dispensation to be rejected. We needed a dispensation because the 9<sup>th</sup> is a week before our scheduled meeting and the Salt Lake Masonic Temple is closing on June 15<sup>th</sup> for the summer. The Divan is checking the parade schedule and scheduling other activities hoping that the COVID rate continues to decline. We are looking forward to a busy rest of the year. We have a ton of events that have been on hold and we want to get started. Patience is a virtue, and we need to be virtuous coming out of the pandemic. Remember to take precautions against catching the COVID so there isn't a new load of cases setting our progress back. Our next meeting is May 19<sup>th</sup> at 7:30 pm and is on Zoom. Nobles, please attend and stay up to date.

*David Hutchinson, High Priest & Prophet*

## From the Assistant Rabban

Dear Nobles and Ladies

I feel so lucky to call myself a Utah Freemason. I am so glad to count myself a member of El Kalah. When I became a member, I did so like many of you: The Kids. We now know that the hospital doesn't need our financial support, but they do need our support by showing up to their events. Sadly, we have seen a decrease in the numbers in our membership in El Kalah. There is debate which only divided El Kalah further and drove more members away. That needed to stop years ago, and so I came up with an idea.

So, three years ago, I presented an idea to the Divan called the "5-Year Plan". The "5-Year Plan" is rooted in what we see in all strong Blue Lodges in Utah, as well as in the Utah Grand Lodge. The great thing about a 5-year plan, is that it doesn't stop after 5 years, rather it keeps going and growing. For the past three years, we have been implementing El Kalah's first ever "5-Year Plan". Part of which includes having a constant "Progressive Divan Line". I have been able to ensure that the vision that started three years ago has been maintained and we now have a new club not only to help El Kalah but the Blue Lodges. The Grand Master of Utah Approved this past month approved a new club for El Kalah called "Dinner Club", which will allow us to have dinner at a local pub, brewery, or at nicer restaurant with the brothers, their significant others (possibly even their children), and also anyone investigating their blue lodge. This would occur the night before their respected meetings. Then the next night, we would do an educational about El Kalah for their blue lodge. Many of you nobles saw this educational as I presented it last year (before Covid) in our El Kalah business meeting. This new club will be a great way to interact with all the lodges in the state, including their families, invigorate those investigating free masonry on how family friendly El Kalah and the shrine really is. With the additional benefit of building new relationships and building up brotherly love and friendship.

The Dinner Club is just the first big initiative that is seen publicly from the 5-Year Plan and shows the importance of the 5-Year Plan and a "Progressive Divan Line". I am so excited for the support that the Grand Lodge of Utah is giving El Kalah because of the qualities and initiatives set forth by the 5-Year Plan, and I hope that the membership of El Kalah will continue to grow because of that support. I am so excited for this pandemic to start winding down, so we can start meeting in person, and we can start meeting together as Noble Shriners.

Sincerely and Fraternaly yours  
*Daniel Drew, Assistant Rabban*

Hello Nobles and Guests!

This month continues the mandatory educational on Imperial rules for Fundraising. 2. (ii) A charitable fundraising activity conducted by a temple located outside of the U.S.A. may be authorized for other charities, provided that the chairmen of the boards of directors and trustees determine, on a case-by-case basis, that it is in the best interest of Shriners Hospitals for Children and they grant their written permission for the activity. their written permission for such distribution. The remaining net proceeds from charitable fundraising must be given to Shriners Hospitals for Children and may not be designated or restricted in any way other than for research at one or all of our hospitals. (d) The temple shall report the result of each charitable fundraising activity within sixty days of the activity, pursuant to the Charitable Fundraising—Approval And Reporting provisions of any General Order. (e) This section shall not apply to activities exempt under §335.4(b) of the bylaws of Shriners International. (f) Each independent corporation or entity that receives the permission of the chairmen of the boards of directors and trustees to raise moneys for Shriners Hospitals for Children, and which does not have its financial statements reviewed pursuant to §§334.6 & 337.8 of the bylaws of Shriners International, shall have its financial statements audited by a certified, chartered or licensed public accountant and shall submit such audit report to Shriners International within 120 days of the activity.

## *From the First Ceremonial Master*

Greetings Nobles,

I'm excited that things are starting to open up more and more and we are finally going to meet in person again soon. Things are starting to get back to some form of normalcy. "No man stands so tall as when he stoops to help a child." That says so much for me. I joined Shriners to support the kids and I am trying to come up with some fun and unique ways in which to do that. I look forward to many fun years as a Shriner.

Fraternally,

*Timothy L Stenner, First Ceremonial Master*

## From the Marshall

Dear Nobles and Ladies:

You may be wondering why I am giving advice on protecting yourself from the Covid Pandemic. Since many of you may not be aware, I have been a licensed Registered Pharmacist since November 1974, and received my pharmacy degree from the University of Pittsburg where the first polio vaccine was developed by Dr. Jonas Salk. I do not pretend to be an expert, but I do care that we all survive this nasty piece of history

unscathed.

Many of you are aware that the use of the Johnson & Johnson vaccine was interrupted because of a side effect of blood clots suspected in six young-to-middle aged women after the administration of 6.8 million doses. This possible side effect is rare, but serious, and resulted in the death of one of the women. The suspension of use of this vaccine was lifted Friday, 4/23/21. If you have been inoculated with this vaccine, be vigilant in watching for side effects that may appear a week or two after the vaccination and then continue to worsen. The symptoms for the blood clots are headache that will not go away, fatigue, leg or abdominal pain, or shortness of breath. These symptoms should go away if you sit and drink some water and are normal if you have just exerted yourself on a hot day. Be sure to contact your health care provider if these symptoms persist or you are concerned and need reassurance that the symptoms are not from the vaccine. My information source for this is from 'Scientific American', April 23, 2021.

I have my hopes up that this pandemic will soon be over, and we can go back to a more normal lifestyle. Please keep wearing your masks, social distance, and get immunized if you have not already done so.

Fraternally,

*Mike Katsonis, Marshall*

## From the Chaplain

Hello once again, Nobles!

I am sure all of you are as happy as I am that weather is beginning to cooperate with us a bit more, finally, and permitting us to get out and enjoy ourselves. Mother Nature provides us with Vitamin D courtesy of the sun, and we need that to help combat the COVID and many other ailments that are lurking around. Past Potentate Lynn Larsen is hustling to pull the Annual Golf Tournament together and also the "Runs" that many of you participate in and enjoy. (At my age, however, I only run when someone with a weapon is chasing me!) Seriously, I hope all of you will do your utmost to support El Kalah Shriners and participate in the numerous activities that you will see discussed within this edition of the Minaret. If your favorite sport is chowing down, contact Oriental Guide Noble Blake Hansen and order some of the beautiful onions and the cookers he is offering this year. The price is reasonable, and the cause is magnificent! All of our Masonic Family organizations and Clubs are beginning to recover from the idleness imposed upon us by the COVID so keep an eye on the Minaret, our Facebook page(s) and our website so you know what is happening and when the events are planned the better to attend and participate. We all should do our best to support each other get back up to speed in the work of our orders. I didn't see any responses to my article last month about gardening, so I hope all of you "green thumbs" have things started and progressing well. I know I am ready for a juicy ripe home grown and vine ripened tomato!

How about a few chuckles? *A couple who works in the circus go to an adoption agency. The social workers there raise doubts about their suitability. The couple produces photos of their 50 ft motor home, which is equipped with a beautiful nursery. The social workers then are doubtful about the education that the child would get. "We've arranged for a full-time tutor who will teach the child all the usual subjects along with French, Mandarin, and computer skills." Then there are doubts about raising a child in a circus environment. "Our nanny is an expert in pediatric welfare and diet. The social workers are finally satisfied. They ask, "What age child are you hoping to adopt?" "It doesn't really matter, as long as he fits in the cannon." ~I took my bicycle to the bottle shop the other day. I got a bottle of vodka and put it in the bike's basket. As I was about to leave, I thought to myself that if I fell the bottle would break. So, I drank all the vodka and then headed home. It turned out to be a really good decision because I fell eleven times on my way home. ~ "Hokins," the boss said, "I happen to know that the reason you didn't come to work yesterday was that you were out playing golf." "That's a rotten lie!" Hokins protested. "And I have the fish to prove it!" ~ Sometimes it takes me all day to get nothing done.*

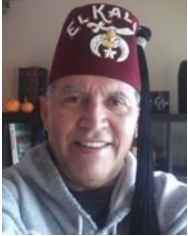

I hope to see all of you eye-to-eye soon. God Bless you and yours.

Chuck Warren, Chaplain

# Masonic Balance = Good Mental and Spiritual Health

Another word for Health/Balance is Homeostasis, or Equilibrium. A Balanced approach to life is one of the hallmarks of Mental/Spiritual Health. If we have an axon to grind about any issue, it signals we are not considering ALL factors and viewpoints involved in a given issue. With time, such imbalances can become a spur under our saddle. It may even lead to mental illness. Check out the article below.

Psychopathic tendencies linked to patterns of brain connectivity, by [Eric W. Dolan](#). [March 11, 2021](#). [Journal of Cognitive Science, Mental Health](#).

*“New research provides insight into the neurobiological mechanisms underlying certain psychopathic tendencies. The study, published in [NeuroImage: Clinical](#), indicates that psychopathic personality traits such as callousness are associated with differences in connectivity between two important brain networks. “We are broadly interested in understanding psychopathy, a harmful set of personality traits that is associated with severe aggression, criminality, and recidivism,” said study author Hailey Dotterer, a doctoral candidate in psychology at the University of Michigan. “We’ve been curious about what motivates people to act the way they do, particularly when individuals act in negative ways — in harming others and ignoring societal norms and laws, which is essentially the core of psychopathy... It is important to investigate the neural underpinnings of psychopathy because previous work suggests that the ways that disparate brain regions communicate with each other is related to emotion and attention, which are impaired in psychopathy,” Dotterer said.*

Dotterer and her colleagues examined resting-state functional magnetic resonance imaging (fMRI) data from 123 men who had completed an assessment of psychopathic personality traits. These traits were measured on a continuum and in the community, meaning they measured the relative amount of these traits in young adults, not in those in prisons or very high on psychopathy. That is, we all have relatively more or less of each of these traits and these can be mapped to brain functioning.”

Our ancient brethren intuitively knew these principles. They still whisper their wisdom in our ears when we listened to our ritual, including how we open our lodges. I hope we listen intently each time. And that we apply their counsel.

## From Ladies Oriental Shrine

This is my first article for the El Kalah Shriner's Minaret. So, I should probably introduce myself. I am Lady Merrill-Lee Warren, newly installed High Priestess of Iris Court #47 of Ladies Oriental Shrine of North America. I am married to Noble Chuck Warren, El Kalah Shriner's Chaplain. (You can fill in your groans and pity for him here).

I want to say, "Thank You", again, to Potentate Jeremy Estes, and all the other Shriners for attending our Zoom Installation. I quickly became overwhelmed with all the guests that were checking in and lost track of who was attending. I sincerely apologize if I overlooked anyone. Please know that it was unintentional. I was very leery of having an "in-person" installation due to Covid. I would be devastated if someone came down with Covid due to being there.

Our Court is busy getting ready for our Grand High Visit in June. We also will be holding our annual Yard Sale in June. The date is June 11-12. If by chance you get 'convinced' to clear out any precious possessions, you can get in touch with Lady Mary Carstensen, 8731 S. 3780 W., West Jordan, 84088. Her phone number is (801) 870- 0698. Stay tuned for more information.

I look forward to the upcoming year as High Priestess. If there is anything we can do for you gentlemen, please get in touch with me (or pester Chuck - I do it all the time, poor man).

My Grand High Lady Kate Kalmbach, Grand Princess, has as her motto: C.A.R.E., Children Are Reason Enough. I love that, and I will do my best to help our Shriner Children.

One of her fun symbols is a skunk, because sometimes we all just need to be a 'little stinker', so I will sign off with Skunk Snuggles.

# From Daughters of the Nile

Greetings All,

I must admit, sitting here trying to decide what to say in my first article, I'm overwhelmed with just what to say! I want to thank all of those that attended our Installation on March 28<sup>th</sup> either in person or via Zoom. What an amazing day and age we live in where we can do such a thing as the Jestsons did!! It was a wonderful day for us all to gather. The weather was beautiful, and it was great to be in the temple again.

This year, my focus is on rebuilding the bridges that have become weathered and worn between our many members. We have so many members that don't wish to come for one person or reason or another. Some may remember why they stopped coming, some don't even know anymore. So, I ask this, "Was the obligation you took, nothing? Did you forget our main reason for becoming this group?"

Most obligations are to remember our members and to help them, not gossip, and to stand up for them if possible. Daughters of the Nile was started to help the women come together and help each other and, of course, help the children. We've forgotten why it is All of Us and not just we and them. We've forgotten how to have fun and to enjoy each other's company while working together for the common purpose of the Children and what they need. Why? Does anyone know? Do you remember?

Regardless of the answers, I believe it's time to mean what we say when we stand up to congratulate each other at Installations. "If you need anything, don't hesitate to ask". Well, I'm going to call on us all in my year. With things slowly going back to us all being able to gather and celebrate together, I'm going to send out invitations to the many people and groups that we normally do. Let's show the world that we are a Family and come together for the purpose of the gathering. Whether it be for Shriners Hospital, Pets, Job's Daughters, DeMolay, or any other charity that we get invited to. Put your differences aside. Be there for each other. Help each other. Love each other.

This is my hope as we start this ensuing year. Being together. With Warm Regards and Wishes, and of course, Nile Love,
